WARNING:

DEATH or SERIOUS INJURY may occur.

Before installing or adjusting, shut down and physically lock-out the conveyor system or related equipment. Only controls and probes described in these instructions, when properly connected, meet intrinsically safe requirements. To prevent ignition of flammable or combustible atmospheres, disconnect power before servicing. Substitution of components will impair intrinsic safety.

Refer to instruction I0020006 for unit wiring, specifications and operation.

Tools Needed: 7/16" (11 mm) Wrench

Screwdrivers: 1/8" (3 mm) & 1/4" (6 mm)
